

Product Information

- Processing of contactless tickets
- Direct thermal printing on thermo-sensitive surfaces, graphic printing
- Integrated CSC antenna
- 1 feeding module for Leporello tickets
- Integrated burster
- Functional LEDs
- Easy service and maintenance by modular buildup
- High reliability

Produktinformation

- Verarbeitung von berührungslosen Tickets
- Direkter Thermodruck auf thermo-sensitiven Flächen, grafikfähig
- Integrierte CSC Antenne
- Eine Zuführung für Leporello-CSC-Tickets
- Integrierte Reißereinheit
- Funktions-LEDs
- Einfacher Service durch modularen Aufbau
- Hohe Zuverlässigkeit

Information sur le produit

- Encodeur de tickets sans contact
- Impression thermique directe sur supports thermosensitifs, impressions graphiques
- Antenne CSC intégrée
- Un alimentation pour tickets pliés en accordéon
- Rupteur intégré
- LEDs fonctionnels
- Maintenance aisée grâce à sa construction modulaire
- Haute fiabilité

POS TICKET DISPENSER

DISTRIBUTEUR DE TICKETS

de tickets sans contact

Dimensions / Weight

W 205 mm H 405 mm D 430 mm / 12,8 kg

Power Supply

230 V AC / 50 Hz

Tickets

Thickness: 0.3 - 0.6 mm
Format: 54 x 85.6 mm
Material: compound
Bursting force: 4 - 7.5 daN

Ticket Transport Speed

Normal transport and
magnetic processing: 350 - 500 mm/s
Printing depending
on paper quality: 50 - 100 mm/s

Print Head

Type: Bevel
Resolution: 8 dot/mm
Max. print width: 48 mm

Interface

RS-232 (USB on option)

User Interface

Functional LEDs
Luminated ON-OFF switch

Microprocessor System

1 x ATMEL ATmega 128 kB Flash Memory
4 x Single chip processor with firmware

Internal Burster

3 x 24 V DC geared motors
2 x roller drivers flanged on motor shaft
1 x drive flanged to motor shaft with gears

Card Detection Sensors

4 x photo sensor for feeding
3 x photo sensor for bursting
3 x photo sensor for transport

Ticket Stock Capacity

Max. 1 200 zig-zag folded paper tickets
at a ticket thickness of 0.4 mm

Reliability

MTBF*: > 20 000 h
MCBF*: > 200 000 tickets
MTTR: < 0.5 h in workshop

** without wear parts*
